FOUR KILLED AND SIX INJURED IN OHIO STORM

\$2,000,000 Damages Done; 200 Families Homeless—Crops Flattened—Lightning Destroys Barns Filled With New Grain.

Cleveland, Ohio, August 6.—Four persons known to be dead, probably six seriously injured, property and crop damage estimated at more than \$2,000,000 and 200 families driven from their homes was the toll of the electrical storm which swept Northern Ohio, late yesterday.

Three of the deaths occurred in Youngstown, where two persons were killed instantly by lightning and another electrocuted by coming in contact with a live wire. In Bellevue a boy was drowned when he was drawn into a sink hole while bathing in a flooded street.

In Tiffin more than 200 homes in the Rock Creek basin were flooded and abandoned.

Ashland county, with estimated damage of \$1,000,000, suffered the greatest loss, according to newspaper advices received here. Between 40 and 60 bridges and culverts were reported washed out and highways damaged. Scores of farmers lost live stock, wheat and oats in the fields, while corn was flattened out and other damage done to orchards and vineyards.

Destruction by lightning of barns, most of which were filled with new crops, was reported from many points.

DECLARED OFF!

The Mark Down Sale to be held at De Nue on Thursday, August 7, 1919, is DECLARED OFF—ENTIRE STOCK SOLD.

BIG SHEEP SALE

There is to be a large sale of sheep at Tattersall's barn, Lexington, Ky., on August 13. There will be no doubt be several of Mason county's live stock dealers present. Any one desiring to get information will please call County Agent George Kirk at Chamber of Commerce.

WILL PLAY AT RIPLEY FAIR

Manager J. Barbour Russell announced today that the Maysville Boys' Band will play at the Ripley Fair Friday, the last day of the fair. The band will be a big drawing card for the fair.

TUNES---TIRES

Tires, they are, and tires they be,
Tires for you to come and see,
Seeing you'll buy, it's the tube that counts
You'll get it for nothing, thought the price still mounts.

Maybe you don't like our tune, but then, even at that, we think we are an improvement over the epitaph in the old English churchyard:

"Here lies the body of Thomas Woodhen,
The kindest of husbands and the best of men."

Directly beneath is this explanation:
"His name was Woodcock, but it wouldn't come in rhyme."

But, the fact remains, we have rubber tires to sell. In order to make the fact sink into your brain—double quick—we offered to five of you, FREE, with each and every tire, an inner tube. Are you on?

Yours, in a singing mood,

WILL TALK OVER TOBACCO FAIR AT MEETING TONIGHT

Managing Committee of the Maysville Corn and Tobacco Fair Will Meet This Evening With Business Men Interested to Plan For Show.

The first movement to plan for the 1919 session of the Mason County Corn and Tobacco Fair, will be at tonight's meeting at the Chamber of Commerce when the managing committee for this fair and a number of business men who are interested in the success of the show, have been asked to go over some plans.

Although the exact date of the fair for this fall has not yet been set, it is more than likely that the fair will be held this year in October and the committee has been thinking considerably of using the large Home Warehouse and having a sort of stock show and poultry show in connection making it one of the largest fairs in this section.

Nothing will be left undone to make the fair a great success and the first details will be worked out at this evening's meeting.

Just as soon as the dates for the fair are selected everyone is urged to assist in advertising the big fair by mentioning it in their letters to every one they write in the Maysville trade area. The attendance this year should be much larger than ever before.

CITIZENS SUFFER FROM THE DUMP SMOKE

The smoke from the burning dump on Bridge street has become a great nuisance not only to those living along Bridge street but to all citizens of the East end of the city and especially was the smoke a nuisance Tuesday evening, when the ground was damp. The fire department has promised to extinguish all the flames on the dump as soon as they can get enough water to spare.

COLORED MASONS EXTENDED WELCOME BY MAYOR RUSSELL

County is Also Glad to Have Good Colored Citizens of State With Us For Annual Meeting, Says County Judge Parnell.

The meeting of the Grand Lodge of Colored Masons Tuesday evening at the Court House was an open affair to which there were many colored people came and some whites. The open session was arranged by the local lodge of Masons as a sort of welcome celebration in which the visitors to Maysville might be made to know and feel that they were indeed welcome to our city and that we were all glad to have such a fine body of colored men and women pay us such a visit.

The delegates were extended a hearty welcome to the city by Hon. Thomas M. Russell, Mayor of the city, who is now probably the most busy man in the city with the water question and other vital issues weighing upon him, gave time to address the colored visitors. Welcome was also sounded in the address of Hon. H. P. Purnell, Judge of the Mason County Court and head of the County Commission government. Both speakers were loudly applauded by the visitors and they were heard to express many compliments upon Maysville and her splendid executive officers.

The program Monday evening as arranged by the local Masons was indeed quite interesting and at its close the visitors had a better appreciation of the City of Maysville and felt quite at home. It is thought that during the balance of the Grand Lodge session they will feel quite at ease and will enjoy the hospitality of the citizenry of Maysville.

Today's Grand Lodge sessions were purely business sessions but tonight there will be a grand Banquet at Beechwood park which will be followed by dancing.

Thursday will be the big day of the entire Grand Lodge meeting. All business will be out of the way by noon Thursday and adjournment will be made but the biggest celebration of the entire meeting will then be held. All Masonic bodies will give a great demonstration on the streets of the city headed by the military branch of the organization and followed by all the various branches. The famous Fraternal Band of Cincinnati, which is considered by high musicians as the highest class colored brass band in the land, will furnish the music. The leader of this organization, when it played here once before at the meeting of the colored Odd Fellows of the state, attracted a great amount of attention, praise and applause. He is an entire band in himself and all will want to see and hear him for he must be improved by this time, having just returned from France where he led a colored army band.

IT IS ONE-SIDED

The farmer has been taught and urged to produce more food. His education, according to Prof. John T. Coulter, has been "one-sided; it only covered one-third of the activities of the modern farmer. It has taught him to produce, but has not taught him anything about either selling the things which he has produced or about apportioning the money received. In an age of commercial agriculture it is as necessary to buy well and to sell well as to produce well. Any manufacturer will tell you that. When the people of the United States first realized that it was necessary to begin a systematic study of agriculture they began with a study of the production of all farm products. At that time the chief business of the farmers was to produce things. The time is at hand when the farmer must more and more study how and when to market what he has produced. The day is at hand when cooperation will secure a profit when the go-it-alone plan will not get a living price.

EVERSOLE LOOKS WINNER FOR R. R. COMMISSIONER

The Lexington Leader says: John B. Eversole, of Hazard, who is here, today received more telegrams telling him of majorities he received in his race for Railroad Commissioner in the Third district in Saturday's primary. Roll gave him a majority of 585; Lees a majority of 800, and Johnson 80. Mr. Eversole has also heard from Clay, Laurel and Knox counties that they have given him majorities amounting to over 1,000 total for the three. He is confident of his nomination.

ICE SITUATION WELL IN HAND

Mr. W. Hall Strobe of the Maysville Ice and Cold Storage Company reports this afternoon that all troubles resulting from the water shortage have been overcome and that the plant is working at full capacity and all demands are being met.

BAPTISTS MAY MEET HERE PERMANENTLY IN FUTURE

Effort Will Be Made At Annual Meeting of Baptists Being Held Now in Bracken County to Fix Maysville as Permanent Meeting Place.

It is more than likely that after this year the annual meetings of the Bracken Association of Baptists which is the annual business session of thirty Baptist churches in 19 counties in Kentucky and one in Ohio, will be held in Maysville each year. Such a movement to change the old plan of meeting at various churches in the district, will be launched at the meeting being held today and tomorrow at the Two Lick Baptist church near Germantown. It is learned.

Maysville is the center of the district in which these 30 churches are located and it is easily reached by messengers from all of them by train and automobile. The District Mission Board has headquarters in this city and meets regularly here and all of the officers of the Association are residents of Maysville.

Many of the churches are hard to reach by rail and there are those who cannot find the conveyances to carry them to country churches for such meetings. It is thought that such a change in the plans will be adopted when presented to the messengers this year. It would mean the changing of a custom which has been followed in this association for more than 125 years.

ATTENDING ASSOCIATION

Prof. and Mrs. W. T. Berry, Mr. and Mrs. T. F. Galtner, Prof. and Mrs. W. J. Caplinger and daughter, Dorothy, Mr. and Mrs. Frank S. Tolle and daughter, Evelyn, Mrs. W. F. Power, Mrs. D. Brooks and Mrs. Sallie Ricketts, of this city and Rev. and Mrs. Ben Miller, Mrs. H. G. Martin and Joseph Catron, of Aberdeen, left this morning for Germantown, to attend the meeting of Baptists being held there.

MRS. CHARLIE CHAPLIN IN 'HOME'

"Home" Lois Weber's latest production starring Mrs. Charlie Chaplin is the extraordinary feature at the 20 time tomorrow. "Home" that blessed place where sham and pretense are cast aside. This girl had a real home but did not know it. This picture is said to be bigger and better than "The Price of a Good Time" and "Borrowed Clothes", which was written and directed by Miss Weber.

ENTHUSIASTIC MEETING OF CLERK'S UNION

A very enthusiastic meeting of the Maysville Clerks' Union was held at their hall in the Masonic building Tuesday evening at which there were many present. This organization now has a membership of 25 persons and several new ones were taken in Tuesday evening. This is one of the most enthusiastic organizations in the city.

LOUISVILLE MINISTER TO PREACH HERE SUNDAY

Rev. L. A. Parker, Ph. D., of Louisville, will preach at the First Baptist church on Sunday morning and the Pulpit Committee of the church is anxious that as many members as possible attend this service to hear and meet Dr. Parker.

INTEREST SHOWN IN FARMERS MEETING NEXT WEEK

Experts in Various Lines of Community Advancement as Well as Experts in Agriculture Are on Program of Free Chautauqua.

Farmers of Mason and adjoining counties as well as the city farmers of the city of Maysville are given a wonderful opportunity of hearing some of the best posted and most successful experts in community betterment and agricultural progress during the three days' free Chautauqua to be held at Beechwood Park next Monday, Tuesday and Wednesday.

These free Chautauquas are made possible by the consolidation of efforts and finances by the Kentucky State Bankers Association and the Louisville Board of Trade and as every one of the programs offered during the three days are absolutely free there is no season for not attending expect lack of interest. The progressive farmers of Mason and adjoining counties who are anxious to improve conditions on their farms and in their communities will be in attendance as often as possible. It is certain that the members of those progressive Community Clubs throughout the county which have only recently been organized by County Agent George Kirk and where things are progressing, will be present as often as they fly can.

On the program which has been published in Maysville newspapers recently there is to be found experts in every phase of farm and community life and these men and women bring messages out of their experience that will be well worth hearing and that will assist those who hear them in doing likewise.

Aside from the addresses there will be motion pictures of things which will be of interest to the farmers, their wives, daughters and sons and there will be music by the University of Kentucky Quartet. Remember all programs are absolutely free and every one is welcome. The big tent will be erected at beautiful Beechwood Park for the first three days of the week.

"SHOOT TO KILL AND DON'T WASTE BULLETS"

Is Orders to Deputy Sheriffs at Scene of Coal Miners Strike Near Bellaire, Ohio, Tuesday.

Wheeling, W. Va., August 5.—Twenty deputy sheriffs armed with riot guns were rushed to the Fort Pitt coal mine south of Bellaire, Ohio, near here, this forenoon, following receipt of reports of a clash between striking miners believed to be fed by radical agitators and other more conservative workmen. Early reports were that rioting broke out after the strikers refused to permit the other miners to work.

According to reports received here the strikers who are demanding a six-hour day and large wage increases, attacked non-striking workers as they were about to enter the mine this morning. The situation it is said, got beyond control of the Bellaire authorities and a hurried appeal was made to the sheriff of Belmont county for aid. Advances just before noon said further trouble was expected.

The strikers are said to have been agitated by Bolshevik agents and to have formed a radical organization.

When the deputies arrived on the scene the strikers, numbering more than 200 men, retreated beyond gunshot and appeared to be planning to make a stand and reports received here shortly after noon said a pitched battle between the miners and deputies was expected. Sheriff John Osborne, of Belmont county, who was on the scene, said he had given his men orders to shoot to kill and not waste any ammunition if attacked.

AT LAKE GENEVA ENCAMPMENT

In last Sunday's special edition of the Chicago Herald and Examiner appeared a very interesting group picture of a number of Chicago young women, members of the United States Training Corps, camped at Lake Geneva. A splendid likeness of Miss Martha O'Hare, daughter of Mr. and Mrs. M. A. O'Hare, formerly of this city, is shown in the picture.

ON WAY TO GEORGIA

Col. C. W. Parker and wife of Elberton, Ga., who have been on a vacation at the Great Lakes, bought themselves a Hudson Super-Six and are on their way home, stopping in this city today for dinner. They will visit the places of interest in this state and will try and go over by the way of Cumberland Gap.

STEAMER CHILO HAS NARROW ESCAPE IN WIND

Struck by a Hard Blow Yesterday Afternoon, the Little Craft Came Near Being Swamped.

The steamer Chilo, the Greene line packet between Manchester and Cincinnati, had a narrow escape from being badly damaged yesterday afternoon.

The little craft was en route down and met the storm at Charleston harbor about 5 o'clock. The wind caught the boat before the officers were aware of just what they had to contend with, and turned her crosswise the river. By the time the crew got control several barrels of flour were ruined by the rain being driven in on the side of the boat.

Despite the strenuous time no one was injured.

THOUGHT TO BE DESERTERS

Chief Ort today arrested two soldiers who had ridden to this city on the last C. & O. freight until after the strike. They gave their names as Dominick J. Gabriel from Camp Lee and Mike Otto Bell from Camp Devins. They both denied being deserters, but Chief Ort held them and notified the authorities at the two camps.

NOT MUCH BATHING THIS SUMMER

The popular North Beach has not been out more than a week at one time during the whole summer and the lovers of this sport have greatly missed it. The river is now rising and the North Beach covered with water again. Although this rise might not amount to be very much and North Beach may be out again by Sunday.

C. & O. CLOSES UP FREIGHT SHOP

Agent W. W. Wilcott today hung up the "no freight received" sign at his office in the C. & O. freight depot. Because of labor troubles the C. & O. will NOT receive any more freight here until further notice. All local freight trains on this division have been annulled.

REPAIRS FINISHED ON GENERAL WOOD

The Liberty Transit Company's steamer General Wood, which lost a gun while near the dam above here and drifted back, being landed here, had a new one placed in position yesterday and left for Cincinnati where she received a cargo and will pass up tonight for Pittsburgh.

REFUSED TO LIVE IN CEMETERY

Spokane, Wash.—A woman who refuses to live in a cemetery is not guilty of an offense against the marriage relation sufficient to justify divorce; is the pronouncement of the Superior court at Spokane.

C. H. Bahcock, former superintendent of Riverside Park cemetery here, sought to divorce his life partner, because she refused to live with him in their residence within the sacred precincts. Judge Blake refused the divorce with the remark that if there was ground for divorce it lay with the wife rather than with the husband. Mrs. Bahcock flatly refused to reside in the cemetery.

GREED AND AMBITION
IN TREATY OF PEACE

Senator Moses Plays President For Abandonment of His Principles As the Basis.

Washington.—In a speech pronounced one of the ablest in the debate on the peace treaty, Senator George Moses, of New Hampshire, has pointed out the full extent of the terms imposed upon Germany and the complete repudiation by the President at Versailles of his own principles upon which the peace was to be based. He says:

"The fourteen principles of President Wilson have trod a thorny path. First promulgated on the 8th day of January, 1918, they were as we have lately been told, 'readily acceded to as the principles to which honorable and enlightened minds everywhere had been assured, the conscience of the world as well as the conscience of America. But it was with a happiness which the written result does not justify, that there fell from the President's lips his 'tribute of respect and gratitude' for the 'constant effort' of his fellow negotiators 'to accommodate the interests they represented to the principles' which all had agreed upon."

"His agreement was wholly supposititious for far as the resultant provisions of the treaty are concerned. We look in vain through its 267 pages for the elusive fourteen points. Open covenants long since took to hiding. The freedom of the seas was treated with scant courtesy at Paris. The establishment of equality of trade conditions among nations consenting to the peace is nowhere to be found in the instrument. The earlier doctrine of no annexations and no indemnities long since became a tragic joke. There remains alone the general association of nations established by specific covenant."

"Neither can we find in the treaty any confirmation of the prediction that this treaty is to be written in disregard of the old order of the balance of power, and with no element of national commercial in geographic terms does not, it is true, appear; but all the elements of greed, national suspicion and jealousy are only too evident in almost every article of the treaty. It is a triple nonsense. It expects Germany to earn vast sums and to earn them without the right and facility to trade abroad. It expects some government to impose this servitude on the German workers, yet denies to that government the army which might alone hold them down to outward obedience. It robs 15,000,000 Germans of substance and omits to provide them with a field of emigration. The shackles with which she is manacled

were forged with meticulous care by the 'forward looking men' with whom the President was privileged to cooperate at Paris."

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once. Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them.

Here is one of many cases in this vicinity.

Jas. M. Newton, Gum, St. Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been weak or when my kidneys have been too frequent in action, I have used a box or so of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SPRUNG UP THE FLIVVER

How about your motor car? Of course, you let her lose class somewhat during the war. It was unpatriotic to use labor or paint on your car at a time when American industry was working at top speed to produce the material necessary for the winning of the war.

But the war is over. Labor is no longer scarce. In fact, there are 10,000 soldiers being dismissed every day from the service, and these men will have rather a difficult time of it until the industries of the country can re-

state them into civilian jobs. Now is the time to spruce up that motor car, to put that necessary coat of paint on and to overhaul it generally. You will be doing a patriotic service to the country in getting a soldier or two to do this work for you. Colonel Arthur Woods, Assistant to the Secretary of War, recommends the employment of ex-service men for such reconstruction work.

There is no more need for emergency economy. Minor repairs add to the life of things. Paint adds life to the body of the car. Spruce up your engine. Renew those worn parts.

Your car will go quicker, will run smoother, and wear on it will be lighter.

Materials are expensive now—paints, machine parts, cost more than they used to a few years ago. But they will save more than their value in their service to the car.

Don't wait for materials to come down. They won't. Rather is the contrary to be expected. And if you wait a little too long, you will have to put on an extra coat of paint, and more parts will wear out. "Spruce up" your car now.

TEACHER CAN'T BE VICE INVESTIGATOR

Spokane, Wash.—Vice sleuthing and school teaching do not go hand in hand, according to the Spokane school board. The trustees have issued an ultimatum to A. P. Bond, teacher, that he must choose between his vacation and his avocation.

Bond is an instructor in the Spokane school. During the vacation days when the time hung heavily on his hands he turned his attention to civic reform and appeared in the police court as the star witness against a

couple of women accused of disorderly conduct. Bond swore he had visited a resort several times on the trail of evidence, and that he was launched on a campaign to clean up the city.

The school trustees consider that Bond's usefulness as a teacher will be impaired if he figures as the hero of such excursions, and have given him the option of choosing which sphere of activity he prefers to follow.

Why Central Can Not Answer Questions

The duty of the switchboard operator is to answer your number calls and get connections for you. If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator", she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

AGENT IS "HANDY MAN"

The county agent has read with a great deal of interest a recent editorial in Hoad's Dairyman headed "The County Agent." The editorial is too long to be reproduced here in full, but a few extracts are given below to show the attitude of a great dairy paper toward the county agent and his work:

"In this work, as in the work of farming or in any other business or profession, there will always be failures, but we do not judge the whole industry or the profession from a few failures alone. We judge the work more by its actual accomplishments in many sections and as to whether, as a whole, it has given satisfactory service. On this basis the county agent movement has succeeded."

"The county agent is becoming more and more the hub of the agricultural wheel, about which revolve the various personal and joint farm activities of the county. He is not so much an adviser as he is the "handy man" of the community whom and by whom farmers are brought to their mutual advantage."

"The county agent has discarded the old notion of some that you must reach down, grab the farmer by the scruff of the neck, and yank him out of the mire of ignorance and bad methods. He follows a different system. He shows the way whereby the farmer can lift himself up in a self-respecting manner and not feel like a mendicant. He makes plain the way, and it is up to the farmer to follow as an individual and as a part and parcel of his community. This is not only making farming more profitable and desirable, but it makes for better effort, better schools, and better lives."

**GROWS REMINISCENT
OVER OLD RUGGLES**

A Former Maysville Man Remembers His Experiences at Ruggles in 1872—Now a Resident of Oklahoma.

The Ledger is in receipt of the following letter from our esteemed friend, Mr. A. T. Seaman of Norman, Oklahoma, who having read the campmeeting articles of J. H. R. in the Ledger, writes most interestingly of events of many years ago:

Norman, Okla., August 3, 1919.
Editor Public Ledger:
Have just read in your issue of July 31st an interesting account of Ruggles Campmeeting. It says in your write ups some things have been overlooked, yes I discover that but not only the things the writer mentions. It does my heart good to hear of the faithful children's meetings led by the faithful Miss Hurd and so I should like to have heard Miss Lillian Muse sing. God bless her. I know she sang from the heart, she was reared that way, her mother, grandmother, and great grandmother were faithful workers in old Ruggles, away back at the beginning. Some of you remember Mother Morris do you not?

Well now I am coming down to what I wanted to say, now don't think me a calamity howler or a critic, God forbid, but while the things mentioned are fine and enjoyable I fail to see any account of conversions. Of course you have had them, but I would so much enjoy reading in your write-ups an account of the number of conversions each day. Oh, how I would like to be in a good old time meeting with Brother Bunton. He is a man of God. I know him, and may God give him success. The times when I was permitted to enjoy old Ruggles was with Mother Morris, Mrs. Cooley, Mrs. Pollard, Brother Dimmitt and daughter, Old Sister Miller, Sister Ort, Lizzie Stevens, John Broese, Brother and Sister Roberis, Lilly Roberis, Julia Ort, Katie Ort and oh so many others whose names have slipped my memory. That was about 1872. Several are still living who remember what happened then in old Third Street M. E. Church along about that time. Well I see I am getting lengthy, so will worry you with but a few more words and in closing will say I hope, God willing (and that includes if I am alive) I hope to attend Old Ruggles once more. One reason why I take the Ledger is to keep in touch with the old town and her doings. I regret the death of Mrs. Conrad, I had a nice talk with her when I was last in Maysville. I remember her husband who was shot to death by the Rebs while crossing the Ohio in a skiff accompanied by his wife.

I close with a glad hand to the Ledger and my many friends.

A. T. SEAMAN.

**DANCES ARE ADDED ATTRAC-
TION DURING CHAUTAUQUA**

The Maysville Chautauqua Committee announce today an added attraction to their regular Colt-Alter program. This special feature will be of great interest not only to Mason and adjoining counties young folks, but to the grown ups as well, since everyone is invited.

The committee announced after consulting several members of the various younger crowds that they have decided to have dances on Monday the 18th; Wednesday the 20th; and Friday the 22nd, evenings during Chautauqua Week.

These dances will be in complete accord with the rest of the program, in that everyone is assured three evenings of the highest class pleasure and entertainment following the regular Chautauqua program.

The committee deserve the support of the community in arranging these dances, thus making the Chautauqua doubly attractive.

In ten years it is going to be hard to find a soldier that did not bathe in Kaiser William's bathtub or sleep in his bed.

Several of our young people attended a dance last night at Georgetown, Ohio. They returned home at an early hour this morning, reporting a fine time.

Now that women are to have equal political rights, how would it do to given men equal rights before sentimental juries?

**MOTHERS
TO BE**

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me much good."—Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.
